RE: Free Job Search Resource for North Carolina Education Candidates

In a continuing effort to recruit qualified education personnel to all North Carolina public and charter schools, the North Carolina Department of Public Instruction has continued their relationship with the web-based recruitment service, Teachers-Teachers.com. This service is designed to help those charged with recruiting personnel meet the challenges of placing the most qualified education professionals in North Carolina schools. Learn more at <http://www.teachers-teachers.com/northcarolina>.

North Carolina school recruiters will use this service to post their available positions and to search the database of registered education personnel. This service, which is provided at no cost to candidates seeking jobs as teachers, administrators or related services personnel, provides an effective way for your students to put themselves in the unique situation of having all the school systems throughout the state competing for their services.

You will receive a package with informational materials within the next few weeks. Please help spread the word regarding Teachers-Teachers.com by distributing these materials to each faculty member within your department who works with juniors and seniors. Please request they post the materials in their classes or distribute them directly to students.

If you need additional information concerning this service, or need more materials, please contact the Teachers-Teachers.com's Candidate Recruitment Specialist, Sherri Moore at smoore@teachers-teachers.com or (877) 812-4071 ext. 80. You may also contact Paula Crawford at paula.crawford@dpi.nc.us or (919) 807-3985.
